

# Mongkol

## PROFESSIONAL PROFILE

I'm graduating with a bachelor's degree in Electronic Computer Technology at King Mongkut's University of Technology North Bangkok.

I'm interested in developing DevOps and programs, and I want to learn how to do better. Understand and study new technologies that are emerging to develop myself. More knowledge and more.

## WORK EXPERIENCE

### ● ATTA Autohaus - Mercedes-Benz Digital Showroom IT Support & Developer (internship)

The IT Support maintains the computer networks of all types of organisations, providing technical support and ensuring the whole company runs smoothly. IT Support monitors and maintains the company computer systems, installs, and configures hardware and software, and solves technical issues as they arise.

Developers, also known as software developers or computer programmers, are responsible for developing, coding, installing, and maintaining software systems. Developers form a key part of the IT team and may be required to modify existing software products or develop entirely new resources.
